ABOUT US

Kovitech Joint Stock Company is Vietnam's leading specialist in the design, supply, and end-to-end installation of snow room systems. Our portfolio spans luxury hot spring resorts, five-star urban spa complexes, senior care wellness centers, and premium residential amenities — each project delivered to international quality standards.

From technical feasibility and bespoke room design through to equipment supply, installation, commissioning, and long-term maintenance, Kovitech provides a fully integrated service. We are the trusted partner of leading developers including Vingroup, Bitexco, Ecopark, Intracom, and Nomura Real Estate Japan.

Kovitech – Wellness & Spa

ADDRESS

2nd Floor, Bea Sky Building, Pham Tu Street, Dai Kim, Hoang Mai District, Hanoi City

PROJECT OVERVIEW

Aquafield Nha Trang — Wellness & Relaxation Complex

Kovitech designed and installed a premium snow room system for this flagship wellness facility at Vinpearl Nha Trang, operated by Vingroup. The snow room delivers an immersive cold-therapy experience for resort guests, creating a dramatic contrast to the tropical coastal environment.

Operating at full capacity daily, the system provides a steady, realistic snowfall ambiance that has become one of the resort's signature wellness attractions.

PROJECT OVERVIEW

Aquafield Ocean City — Jjimjilbang Spa & Sauna Complex

Located on Level 2 of Vincom Mega Mall Ocean Park 2, this large-scale Jjimjilbang-style complex is a premier urban wellness destination within the Ocean City township development. Kovitech's snow room installation is a centrepiece feature, delivering an authentic Korean cold-therapy experience.

Engineered for high daily visitor throughput, the system maintains consistent, reliable snow output throughout full operating hours, meeting the demands of one of Vietnam's largest spa complexes.

PROJECT OVERVIEW

Onsen Ecopark — Swanlake Residences Hot Spring Amenity Complex

A joint venture between Ecopark Group and Japan's Nomura Real Estate, Swanlake Residences is a premium residential community built around an authentic Japanese onsen wellness concept. Kovitech's snow room is a signature amenity offering residents a genuine contrast-bathing experience.

This project reflects Kovitech's capability to meet the rigorous quality and precision standards demanded by an international Japanese real estate developer.

PROJECT OVERVIEW

Kobi Onsen — Hot Spring & Nature Wellness Resort

Kovitech supplied and installed the snow room and immersive ice grotto experience at Kawara Mỹ An Onsen Resort, a luxury hot spring destination developed by Mỹ An Tourism JSC, a member of the prestigious Bitexco Group, nestled in the scenic foothills of Thừa Thiên Huế.

The dramatic ice grotto is among the resort's most celebrated wellness experiences, offering guests a natural-themed cold-therapy journey that contrasts beautifully with the resort's thermal mineral spring pools.

PROJECT OVERVIEW

Phuong Dong Asahi — Senior Care Institute Wellness Centre

As part of the comprehensive Phuong Dong Medical Complex in Hanoi, Kovitech installed a therapeutic-grade snow room for the Asahi Senior Care Institute, developed by Intracom Group. The system supports cold-therapy as a component of a holistic wellness programme tailored to elderly residents.

This project demonstrates Kovitech's versatility in adapting snow room technology for medical and therapeutic applications — not only leisure and hospitality — delivering measurable wellness outcomes for residents.

EQUIPMENT & FACILITY PHOTOS

PROJECT OVERVIEW

Paradise Spa — Health & Beauty Care Centre

Kovitech installed a boutique-scale snow room at Paradise Spa, a premium health and beauty centre in Ho Chi Minh City's upscale Phu Nhuan District. The system was custom-designed to integrate seamlessly with the spa's refined interior aesthetic while delivering a full cold-therapy experience.

The snow room has become one of the spa's most distinctive offerings, attracting a discerning urban clientele seeking advanced wellness treatments that go beyond conventional spa services.
